DOCKET NO. 2002-328-S - ORDER NO. 2002-729

OCTOBER 15, 2002

IN RE: Application of Links Water Treatment, LLC) ORDER APPROVING
to Provide Sewer Utility Services and Request) WAIVER FOR
for Waiver of Filing Requirements for Initial) ACCEPTANCE OF
Supporting Documentation.) APPLICATION

This matter comes before the Public Service Commission of South Carolina (the Commission) on the request of Links Water Treatment, LLC (Links or the Company) for a waiver of the filing of the performance bond with its Application, so that the Application can be accepted and processed. Links is filing for establishment of rates and charges for the operation of a sewer system, and for establishment of a service territory. The Commission Staff notes that the waiver would only be for purposes of allowing acceptance of the Application, and that the bond would have to be filed if the Application is ultimately approved, as per Commission Regulation 103-512.3.

We grant the waiver at this time so that the Application can be accepted and processed. Again, we would note that a performance bond would have to be filed if the Application is ultimately approved.

This Order shall remain in full force and effect until further Order of the Commission.

Mignon L. Clyburn, Chairman
